

THE CORPORATION OF THE TOWNSHIP OF NORWICH

BY-LAW NUMBER 66-2004

TO PROVIDE FOR THE ADOPTION OF AN EMERGENCY RESPONSE PLAN.

WHEREAS, the Emergency Management Act, R.S.O. 1990, as amended, Chapter E.9, authorize the Council to pass a by-law formulating or providing for the formulation of an emergency response plan governing the provision of necessary services during an emergency and the procedures under and the manner in which employees of the municipality and other persons will respond to the emergency;

AND WHEREAS, this Act makes provision for the Head of Council to declare that an emergency exists in the community or in any part thereof and also provides the Head of Council with authority to take such action or deliver such orders as he/she considers necessary and are not contrary to law to implement the emergency response plan of the community and to protect the health, safety and welfare of the inhabitants of an emergency area;

AND WHEREAS, the Act provides for the designation of one or more members of council who may exercise the powers and perform the duties of the Head of Council during his/her absence or his/her inability to act;

AND WHEREAS, the Act authorizes employees of a municipality to take action under the emergency response plan where an emergency exists but has not yet been declared to exist;

NOW THEREFORE the Council of The Corporation of The Township of Norwich hereby enacts as follows:

1. That the Emergency Response Plan attached hereto as Schedule "A" of this By-law is hereby adopted;
2. That the Head of Council or designated alternate as provided in the Plan is empowered to declare an emergency and implement the plan;
3. That certain appointed officials or their designated alternates as provided in the Plan are empowered to cause an emergency alert to be issued to members of the Emergency Control Group and to take action under the Emergency Response Plan where an emergency exists but has not yet been declared to exist; and
4. That annually, as stipulated in Schedule "A", that the Emergency Control Group convene to review and make required changes and updates to it's Appendices as considered appropriate while referring policy and procedural changes to Council for further review and approval.

5. That By-law No. 16-97 is hereby repealed in its entirety.
6. That this By-law may be cited as the "Township of Norwich Emergency Response Plan By-law"
7. That this by-law shall be effective upon the passing thereof.

READ A FIRST, SECOND AND THIRD TIME AND FINALLY PASSED THIS 9TH DAY OF NOVEMBER 2004.

THE CORPORATION OF THE TOWNSHIP OF NORWICH

EMERGENCY RESPONSE PLAN

Schedule "A"

By-Law No.: 66-2004

Adopted: November 9, 2004

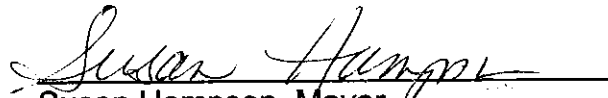

FOREWARD

This plan has been prepared to assign responsibilities and to guide the immediate actions of key officials in the first critical hours before and after the onset of an emergency in the Township of Norwich.

This plan has been adopted through By-Law #66-2004 passed on the 9th day of November 2004, under the legal authority of *The Emergency Management Act, R.S.O. 1990, as amended, Chapter E.9.*

It is essential that all concerned are aware of its provision and that every official and service be prepared to carry out their assigned functions and responsibilities in an emergency. Municipal services are to review this plan on a regular basis and keep up to date their own procedures for handling emergencies.

Dated at Otterville, Ontario, this 9th day of November 2004

THE CORPORATION OF THE TOWNSHIP OF NORWICH EMERGENCY RESPONSE PLAN

PART A: INTRODUCTION

Emergencies are defined as situations or impending situations caused by forces of nature, accident or an intentional act that constitutes a danger of major proportions to life and property. They affect public safety, meaning the health, welfare and property, as well as the environment and economic health of the Township of Norwich.

The population of the Township of Norwich is approximately 9,955 residents.

In order to protect residents, businesses and visitors, the Township of Norwich requires a coordinated emergency response by a number of agencies under the direction of the Community Control Group. These are distinct arrangements and procedures from the normal, day-to-day operations carried out by emergency services.

The Township of Norwich Emergency Management Committee developed this Emergency Response Plan. Every official, municipal department and agency must be prepared to carry out assigned responsibilities in an emergency. The response plan has been prepared to provide key officials, agencies and departments of the Township of Norwich important emergency response information related to:

- arrangements, services and equipment; and
- roles and responsibilities during an emergency.

In addition, it is important that residents, businesses and interested visitors be aware of its provisions. Copies of the Township of Norwich Emergency Response Plan may be viewed at the Township Municipal Office, the Township website www.twp.norwich.on.ca and the Otterville, Norwich, Burgessville and Oxford Centre Libraries. PART B: AIM

The aim of this plan is to make provision for the extraordinary arrangements and measures that may have to be taken to protect the health, safety, welfare, environment and economic health of the residents, businesses and visitors of the Township of Norwich when faced with an emergency.

It enables a centralized controlled and coordinated response to emergencies in the Township of Norwich, and meets the legislated requirements of the *Emergency*

Management Act.

For further details, please contact the Community Emergency Management Coordinator.

PART C: AUTHORITY

The *Emergency Management Act (EMA)* is the legal authority for this emergency response plan in Ontario.

The *EMA* states that:

“Every municipality shall formulate an emergency plan governing the provision of necessary services during an emergency and the procedures under and the manner in which employees of the municipality and other persons will respond to the emergency and the council of the municipality shall by by-law adopt the emergency plan.” [Section 3 (1)]

“The head of council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and health, safety and welfare of the inhabitants of the emergency area.” [Section 4 (1)]

As enabled by the *Emergency Management Act*, this emergency response plan and its' element have been:

Issued under the authority of *Township of Norwich By-law #66-2004*; and filed with Emergency Management Ontario, Ministry of Community Safety and Correctional Services.

a) Definition of an Emergency

The *Emergency Management Act* defines an emergency as:

“An emergency means a situation or an impending situation caused by the forces of nature, an accident, an intentional act or otherwise that constitutes a danger of major proportions to life or property”.

The Emergency Operations Centre (EOC) can be activated for any emergency for purposes of managing an emergency, by maintaining services to the community and supporting the emergency site.

a) Action Prior to Declaration

When an emergency exists but has not yet been declared to exist, community employees may take such actions(s) under this emergency response plan as may be required to protect property and the health, safety and welfare of the Township of Norwich.

PART D: EMERGENCY NOTIFICATION PROCEDURES

Upon receipt of a warning of a real or potential emergency, the responding department will immediately contact the Oxford Community Police at (519) 537-2323 or (519) 863-2641, to request that the notification system be activated.

Upon receipt of the warning, the Oxford Community Police (519) 537-2323 or (519) 863-2641 will notify all members of the Community Control Group (CCG).

Upon being notified, it is the responsibility of all CCG officials to notify their staff and volunteer organizations.

Where a threat of an impending emergency exists, the CCG will be notified and placed on standby.

This plan may also be activated in accordance with the Health of Animals Act by the Canadian Food Inspection Agency (Federal) or in accordance with the Ontario Foreign Animal Disease Plan by the Ministry of Agriculture and Food (Provincial). The direction from these agencies will most likely be directed through Emergency Measures Ontario.

a) Requests for Assistance

Assistance may be requested from the county at any time by contacting the County Warden. The request shall not be deemed to be a request that the county assume authority and control of the emergency.

Assistance may also be requested from the Province of Ontario at any time without any loss of control or authority. A request for assistance should be made by contacting Emergency Management Ontario.

The Emergency notification contact list, including contact numbers for requesting assistance, is attached as **Schedule A**.

b) Declared Community Emergency

The Mayor of the Township of Norwich, as the Head of Council, is responsible for declaring an emergency. This decision is usually made in consultation with other members of the Community Control Group.

Upon declaring an emergency, the Mayor will notify:

- Emergency Management Ontario, Ministry of Community Safety and Correctional Services;
- Township Council;
- County Warden, as appropriate;
- Public;
- Neighbouring community officials, as required;
- Local Member of the Provincial Parliament (MPP);
- Local Member of Parliament (MP).

A community emergency may be terminated at any time by:

- Mayor; or
- Township Council; or
- Premier of Ontario.

When terminating an emergency, the Mayor will notify:

- Emergency Management Ontario, Ministry of Community Safety and Correctional Services;
- Township Council;
- County Warden, as appropriate;
- Public;
- Neighbouring community officials, as required;
- Local Member of the Provincial Parliament (MPP);
- Local Member of Parliament (MP).

PART E: EMERGENCY COMMUNITY CONTROL GROUP

a) Emergency Operations Centre (EOC)

The Community Control Group will report to the Emergency Operations Centre (EOC) located at the Township of Norwich Municipal Office, 210 Main Street East, Otterville. In the event this operation centre cannot be used, then the alternate location will be the Norwich Arena and Community Centre at 53 1/2 Stover Street South, Norwich.

b) Community Control Group (CCG)

The emergency response will be directed and controlled by the Community Control Group (CCG) - a group of officials who are responsible for coordinating the provision of essential services necessary to minimize the effects of an emergency on the community.

The Community Control Group consists of the following officials:

- Mayor of the Township of Norwich, or alternate;
- Clerk-Administrator, or alternate;
- Police Chief, or his designate (Oxford Community Police Service);
- Fire Chief, or alternate;
- Public Works Superintendent, or alternate;
- Emergency Information Officer, or alternate;
- Additional personnel called or added to the Community Control Group may include:
 - Emergency Management Ontario Representative;
 - Treasurer;
 - Health Services Member, or alternate;
 - Social Services Representative County;
 - Emergency Medical Services;
 - Erie Thames Power or Hydro One;

- Detachment Commander, or his designate (Ontario Provincial Police);
- Upper Thames Conservation Authority, Grand River Conservation Authority or Long Point Region Conservation Authority Representative;
- Liaison staff from provincial ministries;
- Any other officials, experts or representatives from the public or private sector as deemed necessary by the Community Control Group.

The Community Control Group may function with only a limited number of persons depending upon the emergency. While the CCG may not require the presence of all the people listed as members of the control group, all members of the CCG must be notified.

c) Operating Cycle

Members of the Community Control Group will gather at regular intervals to inform each other of actions taken and problems encountered. The Clerk-Administrator will establish the frequency of meetings and agenda items. Meetings will be kept as brief as possible thus allowing members to carry out their individual responsibilities. The Deputy Clerk will maintain status boards and maps, which will be prominently displayed and kept to date.

d) Community Control Group Responsibilities

The members of the Community Control Group (CCG) are likely to be responsible for the following actions or decisions:

- Calling out and mobilizing their emergency service, agency and equipment;
- Coordinating and directing their service and ensuring that any actions necessary for the mitigation of the effects of the emergency are taken, provided they are not contrary to law;
- Determining if the location and composition of the CCG are appropriate;
- Advising the Mayor as to whether the declaration of an emergency is recommended;
- Advising the Mayor on the need to designate all or part of the township as an emergency area;

- Coordinate all requests for transportation and determine the availability and response time of buses for evacuation purposes;
- Re-establish essential municipal services at the end of the emergency period.

6. Health Services Member

Upon learning of an emergency, the Health Services member, assisted, if necessary, by a Social Services Representative provided by the County, will assume responsibility in an emergency to:

- Provide advice on Health and Social Services matters to the Mayor and the Community Control Group;
- The conduct of those duties listed in **Schedule 6** to support any evacuation;
- Arrange with the Canadian Red Cross for an inquiry system to be set up as identified in **Schedule 6** to deal with inquiries from concerned relatives both within and outside the community, when such a service is deemed advisable by the CCG;
- Contact and provide direction to volunteer groups able to assist in welfare functions, when so directed by the CCG;
- Notify senior levels of Health Care about health matters in the emergency, while advising the Mayor of such notification; and
- Liaise with the Township Public Works Superintendent to arrange for transportation requirements.

7. Community Emergency Management Coordinator/Alternate

The Community Emergency Management Coordinator (CEMC) is responsible for:

- Activating and arranging the Emergency Operations Centre;
- Ensuring that security is in place for the EOC and registration of Community Control Group members;
- Ensuring that all members of the CCG have necessary plans, resources, supplies, maps, and equipment;
- Providing advice and clarifications about the implementation details of the Emergency Response Plan;
- Supervising the Telecommunications Coordinator;
- Ensuring liaison with community support agencies (e.g. St. John Ambulance, Canadian Red Cross);
- Ensuring that the operating cycle is met by the CCG and related documentation is maintained and kept for future reference;

- Addressing any action items that may result from the activation of the Emergency Response Plan and keeping the CCG informed of implementation needs;
- Maintaining the records and logs for the purpose of debriefings and post-emergency reporting that will be prepared.

b) Support and Advisory Staff

The following staff maybe required to provide support, logistics and advice to the Community Control Group:

1. Deputy Clerk

The Deputy Clerk is responsible for:

- Assisting the Clerk-Administrator, as required;
- Ensuring all important decisions made and actions taken by the CCG are recorded;

d) Relationship between Community Control Group (CCG) and Emergency Site Manager (ESM):

Depending on the nature of the emergency, and once the ESM has been assigned, the CCG relationship with the ESM is to offer support with equipment, staff and other resources, as required.

The CCG will also ensure that municipal services are maintained to the rest of the community.

e) Relationship between ESM, and Command and Control Structures of Emergency Responders

The senior representative for each emergency responder (police, fire, EMS, public works) at the site will consult with the Emergency Site Manager, so as to offer a coordinated and effective response. Regular briefings will be held at the site and chaired by the Emergency Site Manager, so as to establish the manner and process by which response to the emergency will be provided.

PART G: RELATIONSHIP BETWEEN LOCAL AND COUNTY EMERGENCY PLANS

a) Local Emergency Definition

A local emergency is an emergency, which exists within the boundaries of one municipality or between adjacent municipalities that can be handled appropriately by the municipal authorities.

b) Highlights of the County Plan

1. There are eight Area Municipalities within the County of Oxford. Each municipality has the responsibility to make provision for the extraordinary arrangements and measures that may have to be taken to safeguard property and the health, safety and welfare of the residents of the Municipality when faced with a local emergency. This responsibility will be met by the development and maintenance of Municipal Emergency Plans.

2. The initial response to a disaster or emergency in the County of Oxford will be the responsibility of the Municipality(s) directly affected. The Municipality will continue to be responsible for the conduct of the emergency operations unless:
 - The emergency is not a local emergency and the County Emergency Control Group assumes control of the emergency site operations; or
 - The Mayor of the Municipality requests that the County assume responsibility for the emergency site operations.
3. The County Emergency Plan is designed to meet the following contingencies:
 - Provide guidelines for the provision of support to a Municipality without assembling the County Emergency Control Group;
 - Provide for the assembly of the County Emergency Control Group to respond to local emergencies to:
 - Support the Municipality in the conduct of their emergency operations; or
 - On the request of the Mayor of the Municipality, assume control of the emergency site operations; and
 - Make provisions for the extraordinary arrangements and measures that may have to be taken to safeguard property and the health, safety and welfare of the residents of the County when faced with an emergency that is not local in nature.
4. The Mayor of the affected Municipality may request assistance from the County of Oxford by contacting the Warden. Assistance may then be provided without formally assembling the County Emergency Control Group.
5. When the resources of an Area Municipality become extended, resulting in the inability to effectively control or support the emergency, the Mayor will request that a member of the County Emergency Control Group activate the County Emergency Alerting System in the County of Oxford Emergency Plan. The request to assemble the County Emergency Control Group will clearly indicate whether the County is being asked to assume control of the emergency or to provide support to the Municipality. The alerting of the County Emergency Control Group will be the responsibility of Oxford Community Police Service.
6. The County Emergency Alerting System will be activated under the following conditions:
 - The Mayor of the affected Area Municipality may request of the County Warden that the County of Oxford Emergency Plan be activated;

- When an emergency cannot be defined as a local emergency, the County of Oxford Emergency Plan shall be implemented;
 - When the County of Oxford facilities are threatened, the County of Oxford Emergency Plan may be activated;
 - At the discretion of the County Warden, when an extraordinary demand is placed on County resources as to place a strain on these resources; and
 - When a widespread far-reaching accident is encountered such as an epidemic, an environmental accident or a falling satellite.
7. The Mayor(s) of the affected Area Municipality(s) will then become members or appoint a member of Council to represent the Municipality as a member of the County Emergency Control Group. All decisions made by the County Emergency Control Group with respect to the lives and property of the affected Area Municipality(s) will be made in consultation with the Mayor(s) of the affected Area Municipality(s).
 8. The Mayor of an affected Area Municipality will maintain his/her authority over the employees of the Municipality and, if considered appropriate, may continue to operate a Community Control Group to coordinate activities such as those required to support the residents of the Municipality whose lives have been impacted by the emergency.
 9. Resources within the County of Oxford may not allow for representatives from each emergency and support service or agency to take part on every Community Control Group, as well as the County Emergency Control Group. Therefore, once the County Emergency Plan is implemented, it is important to form a County Emergency Control Group (CECG) which encompasses people from both the Municipal and County levels, as overall coordination and deployment of resources required to mitigate the effect(s) of the emergency will be the responsibility of the County Emergency Control Group in accordance with the Emergency Plans Act, R.S.O. 1990, as amended, Chapter E9.
 10. However, it should be stressed that in any emergency, or threat of an emergency, members of the County Emergency Control Group or their alternates may be called together by the appropriate aforementioned authorities, to make decisions or to be on standby, without having to declare that a County emergency exists.

PART H: EMERGENCY TELECOMMUNICATIONS PLAN

Upon implementation of the Emergency Response Plan, it will be important to ensure that communications are established between the emergency site(s) and the Emergency Operations Centre. Also, communications may be required at various locations including evacuation centres, hospitals, and other key responding agencies.

The Emergency Telecommunications Coordinator for the Township of Norwich is a pre-designated Amateur Radio Operator. The Emergency Telecommunications Coordinator is part of the initial Emergency Notification Procedure, who will in turn; call upon his/her contacts for further communications support, as required.

The Emergency Telecommunications Office is located in the office adjacent to the Emergency Operations Centre. It is equipped with portable hand radios, battery back-up, two-way radio with the necessary channels to communicate with police, fire, EMS and the Ontario Fire Marshall. All messages are to be written on the Amateur Radio Message Forms and logged.

Should the Township of Norwich lose all telephone communications, pre-arranged communications could be obtained from the local taxi company and the school bus radios, which will act as relay to the Emergency Operations Centre and the emergency site.

The Telecommunications Coordinator reports to the Community Emergency Management Coordinator and is responsible for:

- Activating the emergency notification system of the local amateur radio operators group;
- Initiating the necessary action to ensure the telephone system at the community offices function as effectively as possible, as the situation dictates;
- Ensuring that the emergency communications centre is properly equipped, staffed and working, and to correct any problems which may arise;
- Maintaining an inventory of community and private sector communications equipment and facilities within the community, which could, in an emergency, be used to augment existing communications systems;
- Making arrangements to acquire additional communications resources during an emergency;

PART I: EMERGENCY INFORMATION PLAN

Upon implementation of this Emergency Response Plan, it will be important to coordinate the release of accurate information to the news media, issue authoritative instructions to the public, and respond to or redirect individual requests for, or reports on, information concerning any aspect of the emergency.

In order to fulfill these functions during an emergency, the following positions will be established:

- Emergency Information Officer;
- Community Spokesperson;
- Citizen Inquiry Supervisor.

The local Emergency Information Centre will be located at the Township of Norwich Municipal Office, 210 Main Street East, Otterville. In the event this operation centre cannot be used, then the alternate location will be the Norwich Arena and Community Centre at 53 1/2 Stover Street South, Norwich.

Depending on the nature of the emergency, it may be necessary to establish a media information area adjacent to the emergency site, as decided by the Community Control Group. This area, if established, will be staffed as determined by the Community Spokesperson.
