

The Corporation of the Township of Norwich

Traffic Calming Open Houses

The Township of Norwich invites community members to attend one of three Traffic Calming Open Houses being held on June 10 & June 11, 2026. Council has identified traffic calming as a strategic priority and has set aside funding for pilot projects in 2026. These sessions are your opportunity to review the Township's speed data, learn about traffic calming options, and share your feedback before any decisions are made.

Session 1: Norwich – Wednesday, June 10, 2026 | 6:00–8:00 PM

Township of Norwich Council Chambers
285797 Airport Road, Norwich, ON

Session 2: Springford – Thursday, June 11, 2026 | 1:30–3:30 PM

Springford Community Hall
429 Main St W, Springford ON

Session 3: Oxford Centre – Thursday, June 11, 2026 | 6:00–8:00 PM

Oxford Centre Hall
505386 Old Stage Road, Woodstock ON

Each session will include a brief presentation followed by an opportunity to speak with Township staff and members of Council, review display materials, and complete a comment card. Responses will then be collated and presented at a future Council meeting, along with recommendations about the pilot projects that should be implemented in 2026.

No registration is required for these sessions. Please note that all three sessions will be sharing the same information.
