August 28, 2025

Public Information Centre

Oxford Road 59 (Church Street), Burgessville

About this project

Oxford County is working through detailed engineering design for the Oxford Road 59 (Church Street) Urbanization Project in Burgessville. The project includes design of stormwater infrastructure, road construction, urbanization of the road cross section, and sidewalk and streetlighting upgrades. The extents, or limits, of the project are approximately 150 metres West of Deer Crescent to 150m east of Smiths Lane. The construction is expected to begin in spring of 2026 and be completed by December of 2026.

Public Information Centre

A Public Information Centre (PIC) is planned to allow the public to learn more about the project, view design drawings, and discuss the project details with Oxford County staff. This will be a drop-in session with construction plan displays and staff on site to answer any questions.

 Tuesday, September 16, 2025
Drop in: 5:00 – 7:00 p.m.

 Norwich Township Building
285767 Airport Road, Norwich
